

Helmsburg Proposal of Options – Presented by Bill Austin at BCRSD Meeting on April 9, 2019.

BCRSD – Brown County Regional Sewer District

HRSD – Helmsburg Regional Sewer District

BCRSD - "Phase 0"

Create a short-term solution for urgent needs in Bean Blossom and long-range plan for Helmsburg

1. Agree with HRSD to bring customers from Bean Blossom via a line (HRSD have offered this)
2. Install a line from BB area to Helmsburg plant, (BCRSD has said the state would encourage this)
3. Connect critical customers in BB to line
 - a. Bill Monroe
 - b. Trailer court
 - c. Brownies
 - d. Etc.
4. Operate as long as needed
5. Bring BCRSD plant online asap. When BCRSD plant is online then connect BB customers to that if desired
6. BCRSD offers to HRSD to handle Helmsburg customers at a rate less than current \$92/mo or stick with current plant at \$92/mo
7. BCRSD continues with plans (phase 1, 2, 3,?)
8. HRSD
 - a. HRSD continues with current plant and BCRSD as long range plan OR
 - b. HRSD is a customer of BCRSD immediately OR
 - c. HRSD and BCRSD merge
