Narrative

Deputy Joe Jackson 506

On 7/25/2017 at approximately 0445pm dispatch advised of a motor vehicle accident on West Robertson Rd involving two vehicles. Dispatch also advised that one of the vehicles was a white truck that was heading east and did not stop. At the time of the call I was on a domestic call. Once I was advised that there were no injuries I finished the call and was en route to the crash. Dispatch advised that the initial caller said that they had went ahead and drove the car to their house.

I met the caller (Dave Derbyshire) at his house at 65 Pine Water Ct. and spoke with Carolyn and Dave Derbyshire. Carolyn stated that she was driving west on West Robertson Road and a truck had topped the hill at the same time as they did and was driving over the center at a high rate of speed and hit the drivers side of their car. The truck had broke off their mirror and damaged the entire side of their car from the driver's door to the rear of the car and even damaged the left rear wheel. There is also rubber marks on the side of Derbyshire's vehicle from where the truck tire had went down the side of it.

Dave and Carolyn stated that they stopped the car and the white truck kept driving east at a high rate of speed. Carolyn Derbyshire was driving the car and Dave Derbyshire was in the passenger seat. Dave stated that the white pickup truck was kind of boxy like a mid 90's 3/4 ton Ford but was unclear of the exact make. Dave also said that the truck had no markings on it and they could not get a plate on the fact that the truck was driving so fast and never stopped.

I took pictures of Derbyshire's car at their house and had Carolyn fill out a written statement. I later went out to West Robertson Rd and found the approximate spot where the initial impact took place. There was still broken glass on the road from the drivers side mirror on Derbyshire's car. I took several pictures and drove all the way down West Robertson Rd and drove down Thunder Creek Rd. I also drove all through the camp grounds at the back of the road and could not locate the white truck.

I did not complete a crash diagram since there were no vehicles at the crash site.
