

Brown County Highway Department

Monthly Update as of October 1st

: We have ordered the bridge package for a small structure on Hamilton Creek. This will be a grated bridge deck with galvanized beams on existing concrete abutments.

: I have reviewed our 4- year Bridge contract and submitted to Commissioner's and Auditor for signatures

: We are starting our task order ccmg with Clark Dietz next week

: We are continuing our passer ratings for our paved roads

: We are doing our daily tasks, mowing, grading, ditching, pothole patching, weed maintenance around guardrails, bridges and signs

: We are still repairing our snow equipment to get ready for this season

: 2024 ccmg paving project is completed

: I have been working on the Highway Department Budget

: We are installing new signs for all our posted bridges. This has been brought to my attention from our consultants. We are not in compliance with the requirements. We are going to be purchasing a bunch of new signs so we can complete this project. This should have been done at least a year ago.

: We are doing storm damage cleanup all this week from last weekend's wind and rain

Arec Burton
Highway Superintendent
