Prescribed System of Accounting

IC 5-11-1-2 System of accounting and reporting

Sec. 2. The state board of accounts shall formulate, prescribe, and install a system of accounting and reporting in conformity with this chapter, which must comply with the following:

- (1) Be uniform for every public office and every public account of the same class and contain written standards that an entity that is subject to audit must observe.
- (2) Exhibit true accounts and detailed statements of funds collected, received, obligated, and expended for or on account of the public for any and every purpose whatever, and by all public officers, employees, or other individuals.
- (3) Show the receipt, use, and disposition of all public property and the income, if any, derived from the property.
- (4) Show all sources of public income and the amounts due and received from each source.
- (5) Show all receipts, vouchers, contracts, obligations, and other documents kept, or that may be required to be kept, to prove the validity of every transaction.

The state board of accounts shall formulate or approve all statements and reports necessary

On Site Audits

Memorandum from State Examiner Paul Joyce dated April 7, 2021

- We appreciate the dedication and hard work you demonstrated during a very difficult 2020 as well as your flexibility and patience as we learned how to audit remotely.
- As of April 12, we began a hybrid in-person/remote approach when auditing to bring an optimal audit experience for both the auditee and auditor.
- We will plan to be on-site 2 days a week while auditing. We recognize that the pandemic is not over, that you must work within the dictates of your local health department, and that this will change as circumstances change. Our auditors will work with you at the time of your entrance conference to determine how to appropriately implement the hybrid schedule and how that we are to conduct ourselves while on-site.
- Flexibility will be the key in making this work. If you have any concerns, please contact us.

SBOA Contracted Audits

- Due to the massive amount of federal funds distributed due to the CARES and ARP Acts, we expect most units will have a federal audit requirement in 2020.
- In order to make sure that your audits are completed on a timely basis, SBOA will be contracting with CPA firms to do some city and town audits. This is a one-time contract for the current engagement; it does not mean that your audit will be done by a CPA firm in the future. The majority of city and town audits will still be completed by our staff.
- State Examiner has authority to contract with CPA firms to perform audits under the direction of the State Examiner.

Indiana Code Ch. 5-11-1 contains several provisions regarding the engagement of a private examiner. First, the State Examiner may allow the engagement of a private examiner to the extent the State Examiner determines necessary to satisfy the requirements of Ind. Code Art. 5-11, Ind. Code § 5-11-1-7(b). Second, a private examiner is subject to the direction of the State Examiner while performing examinations under Ind. Code Art. 5-11. /d. Third, if the State Examiner authorizes the engagement of a private examiner to perform an examination under Ind. Code Art. 5-11, the examination and report must comply with the uniform compliance guidelines established by the State Board of Account under Ind. Code § 5-11-1-24(a). Ind. Code § 5-11-1-24(d).

- The audit fees paid by cities and towns will not increase as a result.

52

SBOA Contracted Audit Fees per IC 5-11-4-3

- Taxing Unit Rate (City & Towns): \$175/day(\$23.33/hour)
- Full Cost Rate (Utilities & Federal Audits): \$712.50/day(\$95/hour)
 - *The full cost rate is the amount we would need to bill to each unit of government to be fully funded
 - *CPA firm rates are higher than the SBOA full-cost rate
- Technology & Processing Fee: Varies depending on engagement
- SBOA is subsidizing the cost of the contracted audits.

SBOA Contracted Audits – What to Expect

It will be important for your unit to be responsive to audit requests and return items by the date provided in order to ensure that your audit will be completed timely and in accordance with contract terms and bond reporting requirements as applicable. If you anticipate that your unit will not be able to electronically provide the requested documents, please contact SBOA Director Jennifer Marshall by responding to her initial email or email procuredaudits@sboa.in.gov with an explanation as to the reason(s) why you are unable to do so.

Upon completion of the audit the firm will be arranging for an exit conference. The report will be reviewed and approved by SBOA prior to being finalized and posted on our website as a public report. Upon issuance of the report, audit fees will be billed to you by the State Board of Accounts. Consistent with statute, the daily rates will be the same as if SBOA performed the audit.

State Examiner Joyce requests your full cooperation with representatives of the contracted audit firm just as you have always given our field examiners.

Please feel free to contact Jennifer Marshall or a member of the procured audits team at procuredaudits@sboa.in.gov or Todd Caldwell and Susan Gordon, at cities.towns@sboa.in.gov with any questions you may have at anytime now and throughout the audit.

ARP – Internal Controls

Management must establish internal controls over the ARP money to ensure that its operational, reporting, and compliance objectives are achieved.

Internal Controls include written Procedures covering the Control Environment, Risk Assessment, Control Activities, Communication & Information, and Monitoring. Make sure to keep evidence that procedures were performed.

Documentation is important! Maintain supporting documentation for every dollar disbursed and make sure it is tied to a use listed in Section 603(c) and the local plan with adequate explanation.

All expenditure records (accounts payable vouchers, minutes, correspondence, written agreements, etc.) must be maintained in a separate file for future audits of ARP funds.

57

ARP – The Importance of Internal Controls

A detailed accounting is required by the US Department of Treasury

Section 603“(d) REPORTING.—Any metropolitan city, non entitlement unit of local government, or county receiving funds provided under a payment made under this section shall provide to the Secretary periodic reports providing **a detailed accounting of the uses** of such funds by such metropolitan city, non entitlement unit of local government, or county and including such other information as the Secretary may require for the administration of this section.
